Village Works:

New footpaths, new public lights, surfacing taring and under-grounding of electricity wires. We are delighted to have worked closely with Kerry County Council and our local Councillors in securing the funding for village improvement works recently completed.

Phase 1 of this project was the improvements made to the Car Park at the GAA grounds that included leveling, surfacing and fencing of the Car Park.

Phase 2 was just completed prior to Christmas which involved replacing the existing Public Lights and installing extra lights where needed particularly from the Grotto to the Church, replacing and leveling the footpaths, surface taring and the under-grounding of the electricity wires which facilitated the removal of the wooden poles.

This work has greatly improved our village in appearance and made it safer with the improved lighting and replaced footpaths.

We would like to thank those in the village who facilitated the works by allowing equipment be installed on their property and everyone that cooperated with Kerry County Council and the contractors while the works were ongoing.

Also the Councillors who gave generously from their Councillor allocation to bridge the gap between the grants secured, Kerry C.C. funding and the final cost of the project.

The Miracle Prayer

Dear Heart of Jesus, in the past I have asked for many favours, this time I ask for this special one (mention favour). Take it dear Heart of Jesus and place it within your Heart, where your Father sees it, then in his merciful eyes it will

become your favour not mine. Amen.

Say this prayer three times for three days and your favour will be granted. Never known to fail. Must promise publication of prayer. J.D.
