NOTICE TO MEMBERS
MEMBER SAVINGS WILL BE
CAPPED @ €50,000

The reasons for introducing this limit are as follows:

- Under central bank regulations, we must maintain our reserves at a minimum of 10% of our assets. While our reserves are well in excess of this requirement, we have to allocate €10,000 to them for every additional €100,000 of savings we receive in order to maintain our reserves at this prudent level.
- This €10,000 has to come from our surplus/profits, therefore reducing the amount we have available to pay dividends or interest rebates. It also reduces the amount we can afford to invest in new services and technology options that can benefit all of our members.
- To reduce the impact of this savings growth, we reluctantly decided to limit the inflow of savings in order to benefit the greater number of our members.

WHAT DOES THIS MEAN TO ME...
 THE MEMBER??

- Members who already have savings of more than €50,000 can leave their savings in place but cannot be increased.
- Members with less than €50,000 can increase their savings to this maximum limit

We thank you for your understanding in this matter and hope you understand the rationale for our decision. This was not a decision we took lightly. If you have any queries please talk to a member of our Staff by phone or call into office.
