## Sliabh Luachra Cycling Club.

Our juvenile Racers were in Greenmount, Limerick Racecourse once again on Friday last competing in the third and final round of a three week League. Well done to all our

competitors and in particular those starting out, who competed competitively for the first time during the three weeks. (Abaigh Dennehy and Jamie Kelly). The first round of the Kerry County Road Race League took place in Beaufort on Thursday last with a number of strong performances including Denis O'Connor and Ben Murphy finishing in the top 6 of the scratch race which included the top adult talent in the country. Aidan Morley and Dinny Murphy made the top six in the U14 race with Kate Murphy, Sean P. Fleming, Keenan Dennehy and Nicholas Buckley doing likewise in the U12 race. A special mention to Ciaran Finnegan who took a nasty fall in Beaufort which will keep him out of action for a few weeks. The second week of Fermoy Cycling Club Hennessy Cycles Summer League (for both adults and juveniles) was on Tuesday last, with rounds on every Tuesday for the summer months.

Thanks to all the parents who supported the Club in travelling to the races over the past few weeks. Training for Juveniles interested in either leisure or competitive cycling continues every Sat. at 9am. Well done to all members who cycled the scenic Ring of Beara on Saturday. Some enjoyed it so much that they are already committing to next year's event. This morning's Club spin had two groups out both cycled a 100km. Our "Couch to Ring of Kerry" group are well on schedule for an epic day on the day of the event.

The Sliabh Luachra Club Sportive takes place on the 30<sup>th</sup> June next with 3 routes to choose from a - 105km or a 75km challenge, following the same route as last year and a family focused 20km route. The cycle starts at 9am from Teach Iosagain, Rathmore – plenty of time to get the training in yet!

**Coming in June - SHARE THE BUCKET.** This is a fundraising initiative by Gneeveguilla Community Council in association with Gneeveguilla Basketball Club with the specific aim of funding the continued improvement of our community and supporting our organisations. With the final phase of the Village improvements now in train, which includes new public lighting, under grounding the electricity wires, improved footpaths and the recent

improvement of the car park, we are now looking to install at least one more defibrillator in the area and continue to work on items like parking at the Church. Your support in this weekly draw will ensure the continued development of our community. You will be able to play the game in local businesses and online.

**Rathmore & District  
Credit Union**

### Unbeatable Reasons to Consider A Credit Union Loan

When you apply for a loan through your local credit union, you can be assured of an open-minded, honest and transparent process. Credit unions will always give you a fair hearing. Our loan officers take the time to understand the wide-ranging reasons behind each and every loan application, and will do their utmost to approve the loan. Loan terms and conditions are straightforward, and will never have any hidden fees or administration charges. Staff will work with the potential borrower to ensure loan repayments are structured in a way that best suit their circumstances.

You don't have to take it from us. Check out the [RTE player](#) for the latest episodes of *The Borrowers* series, and see why real people across the country are opting for credit union loans.

Below are some unbeatable reasons why a Credit Union loan is a cut above the rest!

#### Fair loan interest rates

Credit union loan interest rates are fair – and they are also capped by law. The maximum credit unions can charge on loans is 12.68% APR – and in reality credit union loan interest rates are much lower than this. 2018 figures show that the average rate charged by a credit union on a one year personal loan is 7.1%. On a secured one year loan, the average rate is 6.0%. The lowest rate charged on a one year personal loan is 6.2% and on a secured one year loan is 2.0%.

In comparison to credit card interest rates (between 13% and 24%) and those of licensed moneylenders (as high as 288% including collection charge) credit union loans are much more affordable.

#### Loan flexibility

With a credit union loan, you have the flexibility to either repay the loan ahead of time, or restructure your repayments if you find you can no longer afford them. There are never any financial penalties or hidden costs for doing this. Credit union loan officers understand that financial circumstances can change, and will work with the borrower to adapt repayments if needs be, to better suit their individual situation.

#### The human way to get a loan

A credit union loan is the human way to get a loan. What does this mean in practice? A credit union loan officer will always give the borrower a fair hearing. They are open to all

of the myriad reasons behind loan applications. The credit union loan officer will do everything they can to grant the borrower the loan, taking into careful consideration their individual circumstances and their ability to repay. Credit unions constantly go above and beyond for their members. In fact, Irish credit unions hold a world record for customer experience! They have been ranked the number one organisations for customer experience in the national CX Insights study for four consecutive years. This has not been achieved by any other organisation in the world. 064 7758328 [rathmore@rathmorecu.com](mailto:rathmore@rathmorecu.com)
