### Covid Restrictions:

A number of parishioners have sought clarification regarding present Covid Guidelines in Church.

- We would ask that parishioners continue to sanitise their hands as they enter the church.
- The wearing of masks is optional, do what you feel most comfortable with.
- We will at all times monitor what is happening nationally, and when necessary issue new guidance.

Our thanks to all who have helped us stay safe during the difficult months, especially those who sanitised our churches, and our ushers.

### **World Communications Day**

World Communications Day, is celebrated this Sunday 29 May – the Solemnity of the Ascension of the Lord. Pope Francis has chosen to reflect on the theme of 'Listening with the ear of the heart'.

In his message Pope Francis notes that many people 'are quickly losing the ability to listen to one another, while at the same time listening is undergoing new developments, especially due to new forms of communicating.'

The Holy Father highlights the importance of listening in the context of the Synodal Process, which the Church is currently engaged in at a local and universal level. In his message Pope Francis says,

'The most important task in pastoral activity is the 'apostolate of the ear' – to listen before speaking, as the Apostle James exhorts, 'Let every man be quick to hear, slow to speak' (1:19). Freely giving some of our own time to listen to people is the first act of charity.

'A synodal process has just been launched. Let us pray that it will be a great opportunity to listen to one another. Communion, in fact, is not the result of strategies and programmes, but is built in mutual listening between brothers and sisters.

'With the awareness that we participate in a communion that precedes and includes us, we can rediscover a symphonic Church, in which each person is able to sing with his or her own voice, welcoming the voices of others as a gift to manifest the harmony of the whole that the Holy Spirit composes
