**PPN for Community & Voluntary Groups.** The PPN is the mechanism through which the Local Authority links/engages with the broader community sector and are the representative voice of the community and voluntary, social inclusion and environmental sectors. The main role of the PPN is to form a network bringing together all community and voluntary groups, social inclusion groups, and environmental interest groups. Information is shared and people can work together on policy matters.

The PPN also facilitates groups to nominate representatives to local authority policy making boards and committees including the Local Community Development Committee (LCDC) and Strategic Policy Committees (SPCs). The national guidelines define the types of groups that can register for the PPN structure as follows:

**(1) Environmental –** Organisations whose primary activities are environmental protection and/or environmental sustainability.

**(2) Social Inclusion – Organisations** whose activities focus on social inclusion, social justice and/or equality. Examples include organisations which aim to support people with a disability, refugees and asylum seekers, older people, women, young people and those living in poverty.

**(3) Community & Voluntary –** Any organisation whose primary activities are other than those listed above belong in this category.

When a group registers it becomes part of the County PPN Structure. Registration is easy. Please complete the Registration Form on the home page of website [www.kerryppn.ie](http://www.kerryppn.ie)

There is no charge. Registered groups receive regular updates, information on funding opportunities and also benefit from the group insurance scheme.

Kerry Public Participation Network is also a Registered Charity. RCN 20204668
